they've got at least two camera operators, a chase car, a chase plane, and multiple cameras mounted on and in the plane being repo-ed

the thought of them kept me going through the chemo, she says then, after 12 weeks,

pwc views customer-centric cloud strategies for crm, partner relationship management (prm), service and legacy application migration through the lens of business value

and that understanding plays a key role in the kinds of treatment that work -- and don't work -- with women.
